4. Dr. Kiran Kumar
5. Dr. Amit Agarwal

LIST OF PARTICIPANTS

Participants

1. Dr. Piyush Gautam
2. Dr. Nivedita Sharma
3. Dr. Shikha Verma
4. Dr. Gaurav Katoch
5. Dr. Anand. G
6. Dr. Krishna Dathan
7. Dr. Deeksha
8. Dr. Ravinder Singh
9. Dr. Ajay Vaid

PROCEEDINGS

On 28th December Dr. Anju Sinha took introductory session with participants then Dr. Amit Agarwal discussed the steps with examples for strategies from Pubmed (Medline) and EMBASE databases. Dr. Nishant Jaiswal, Dr. T. Kiran Kumar and Dr. Amit Agarwal appraised the participants about steps for developing a search strategy for a review.

On 29th December a brief introductory round for tutors and participants was held after registration for the workshop. Dr. Anju Sinha delivered introductory lecture on systematic reviews. She discussed about what systematic reviews are; their requirement and how do they fit in Evidence Based Medicine. Further, Dr. Nishant Jaiswal discussed about quality assessment of studies for reviews and the steps to be followed for registering a protocol. Dr. T. Kiran Kumar delivered the lecture on data entry in Review Manager (REVMAN) software, the standard software for systematic reviews as prescribed in the Cochrane Library.

Dr. Meenu Singh then discussed individual research questions from each participant and explained about the steps to be adopted for drafting protocol.

Dr. Anju Sinha delivered lecture on protocol writing

Dr. Nishant Jaiswal delivered lecture on RevMan

Dr. Meenu Singh taking questions from participants regarding protocol writing
