PROCEEDINGS

The ICMR Advanced Center for Evidence Based Child Health PGIMER, Chandigarh organized a one day “Review Completion Workshop” on 15th December, 2015 at Kandaghat, Solan.

The workshop was aimed to complete the commissioned reviews for the year 2015-16 and the participants were the staff of ICMR Advanced Centre for Evidence based Child health. Faculty for the workshop were Dr Manada Bhide, (Children’s Hospital, Pittsburgh, US) and Dr Meenu Singh (Department of Pediatrics, PGIMER, Chandigarh)

A brief introductory round for tutors and participants was held. The Participants presented their protocols and completed systematic reviews. The systematic review on Vitamin D for childhood Asthma was presented by Dr Anil Chauhan. Dr Bhide suggested changes in the interpretations of results. The suggestions were incorporated and the review was completed.

In the post lunch session the protocol of “Burden of CRS and Rubella disease in India”, presented by Dr Amit Agarwal, was discussed and changes suggested were incorporated in the protocol. After the changes, electronic searching of literature was started. Mr Munish Kumar helped in it.

Dr Kiran Kumar presented another systematic review on “Vitamin D as and adjunct for treatment of Pulmonary Tuberculosis” and the shortcomings were addressed.

This was followed by evening tea and snacks. A vote of thanks was given by Dr Meenu Singh.
